COMPASSIONATE KIDS ACADEMY

KIDS SAVING THE WORLD, TOGETHER!

GIVE Nation Compassion Challenge

SDG Super Kid Class

Altruistic & Educational HomeSchool Program
Education Donated by Non-Profit: [GIVE Nation](#).

A PROBLEM SOLVED

School and the world, as we all know it has suddenly changed. There's a major need for children to have access to sustainable literacy and learn the importance of kindness during this tough time. **GIVE Nation** is responding to your children's needs with this free course!

COURSE DESCRIPTION

The United Nations established the 17 Sustainable Development Goals, or the SDG's to save the planet and to keep our children in a fair, safe and healthy environment. **GIVE Nation's** mission is to improve the planet and empower children, with the world changing there's no better time to start than now, that's why we are bringing an educational, entertaining and exciting class to your home. We've prepared a 12-week course where your "littles" will be challenged and want to come back weekly to enjoy virtual tours, fun learning, and engaging conversations with peers, parents and **GIVE Nation** instructors.

COURSE OBJECTIVES

GIVE Nation empowers young minds (5-18-year-old) to become philanthropists while making the planet a better place through promoting transparent acts of kindness and practicing sustainable financial literacy.

We strive for future generations, and your child specifically, to achieve happiness and sustainable financial well-being through a real-world education ecosystem while supporting charities.

PRE-REQUIREMENTS

Download GIVE Nation on a family used smart device.
Come with a smile!

Week 1

- Introduction & Welcome!
- **Being Healthy & Making an Impact, TODAY!**
- Introduction to **Health & Wellness SDG 3**

Positive nurse educator advises and answers questions about handwashing, current events, and staying safe.

Week 2

- **Superheroes: What's YOUR Superpower!?**
My Charity of Choice -
- Introduction to **Climate Change SDG 13**

Superheroes often fly, but they don't always wear capes! How "lending a hand" helps others and makes the world a better place.

Week 3

- **Start a Campaign, Save a Life!**
- Introduction to **Life on the Ocean SDG 14**

Compassionate campaigns can teach our kids how to positively get support from their community.

Teams how to put their favorite charity campaigns onto the **GIVE Nation** mobile app so they can show their friends and families how they're making a difference.

Week 4

- **My Community!**
Online Friends & Family Event!
- Introduction to **Peace & Partnerships SDG 17**

Together we are stronger and we can have a bigger impact - How to be peaceful and impactful in your community by working with others.

Week 5

- **Giving is Good: How does Giving Back Help YOU, too!?**
- Introduction to **Life on the Planet SDG 15**

Studies have shown being kind and giving back benefits everyone in many ways. It even feels good and positively impacts not only the receiver, but also for the giver!

GIVE Nation is going to teach why giving is good.

Week 6

- **Saving is Smart, & Famous Givers!**
- **Introduction to No Poverty SDG 1**

Saving money is wise! This week we will teach about saving your money vs spending it.

Week 7

- **Fun Games & Tech for Good**
- **Introduction to Quality Education SDG 4**

Game Workshop & Internet safety. Learn tips and tricks to stay safe online. Talk about the newest games out there. Take part in designing your own world on GIVE Nation.

Week 8

- **Nice & Yummy:** Healthy Nutrition, Healthy Habits & Character Building.
- **Introduction to No Hunger SDG 2**

Healthy eating is important for a healthy mind, body and soul. Review healthy diets, give free recipes and discuss going hungry or overconsumption of unhealthy foods. Taught by a nurse and kitchen savvy moms! Classroom activity and story from LakeShoreLearning.com titled "[Character Building: Bullying.](#)"

Week 9

- **Go Around the Globe!** Geography.
- **Introduction to Clean Water SDG 6**

Not everyone has access to sanitized water Where are those places and what does that mean not having a well close by?

Week 10

- **Science Can Save, Too!** Solar, Wind, Hydroelectric, Biomass, Tidal & Geothermal Renewable Profitable Energies!
- **Introduction to Clean Energy SDG 7**

Learn the types of renewable energy currently being used today. Careers that are available. How you can change the world with science! Clean Energy production & sustainable energy consumption. ***HOME SCIENCE PROJECT***

Week 11

- **Reduce, Reuse & Recycling:** Why Consuming Less is MORE!
- **Introduction to Sustainable Consumption & Production Patterns SDG 12**

Learn the different types of recycling & recycling process ***UP-CYCLE ART Project*** Children discuss how they can actively consume less and why this is good. Discuss uses for the money saved when using less or selling things you don't use.

Week 12

- **Peace & Conflict Study.** How Happiness is Contagious & Leading in Tranquility
- **Introduction to Peace & Justice SDG 16**

Lessons on empathy, compassion, resilience and altruism. Solving conflict and great leaders that lead with kindness or love.
